

ST. THERESE RELIGIOUS EDUCATION

PARENT ADVISORY BOARD

General Meeting

April 14, 2010

- Opening Prayer
- Registration Late Fee:
 - Currently, St. Therese does not have a late fee assessment for CCD classes as it did in the past. Our registration period ends July 1st but is always open as long as space allows. Under consideration, was instituting a late fee. The board decided that a late fee will not be put in place this year.
- 2010-11 Registration:
 - There will not be an increase in tuition this year. The oldest child in a family will be carrying home registration information for returning families. Priority registration begins in May and new families will begin registering June 1st.
 - The board discussed using incentives in order to get families to register before the deadline of July 1st. Late registration is a problem in that it holds up schedules and teacher assignments. Under consideration is a type of raffle for the first 250 families that do send in the registration information before the deadline. Board members discussed Rita's coupons, gift cards etc. No final decision was made as to the exact prize. Members were asked to brainstorm and come up with some idea to present to Lori.
- There will be an email regarding the success of the Lenten project. Fran Day is considering projects for Christmas. Anyone with any ideas can contact Lori at the CCD office.
- The Parent Advisory Board will meet not meet again until October. All parents are encouraged to join this meeting in order to gain information and insight on the CCD program at St. Therese. This is an open forum and all ideas are respectfully encouraged. Check the St. Therese website and your email for date and time of next meeting.
